What is your reason for increasing or not increasing the number of meetings in Pasco Co?

NOT INCREASING

- Meetings appear to be working. I would suggest an amendment to in person bylaws for those that live X miles away. This would maintain current in person attendance.
- AAAPP office is in Pinellas – more convenient and less expensive in time and money for staff to attend.
- Distant to Pasco meetings from St. Pete
- I would like to see the number remain the same. I am of the opinion that more Pinellas members would appear online vs. in person.
- Convenience for staff

INCREASING

- 3 hr. roundtrip drive to St. Pete vs 2 hr. roundtrip drive to NPR.
- To give Pasco Board members a break in driving to St. Petersburg
- Better reflect efforts to serve and represent seniors in both counties
- Reflects composition of Board members
- Should reflect (if possible) distribution of services to residents
- To be more fair to our Pasco Board members
